

WILD WAVES

SAUVIGNON BLANC

2017

MARLBOROUGH
NEW ZEALAND WINE

Wild Waves Sauvignon Blanc is composed entirely from grapes grown in the Marlborough Valley. It is a nice blend of grapes harvested from vineyards located in the Wairau valley and the Awatere valley (see maps on previous page), resulting in a complex wine showing powerful aromas.

Tasting notes:

Nice and clear wine with green hue, intense aromas of grapefruit and gooseberry developing on the nose. Mouthfeel is fresh and linear, driven by a nice acidity and powerful aromas of citrus and orange peel. Lingering finish on grapefruit.

Technical information:

Alcohol content: 12 % vol.

Total Acidity: 7.64 g/L

pH: 3.26
